

Granville PACE (Parents for Academic Challenge and Enrichment)
Local Resource Contact List

Do you have an area of expertise (professional or personal) you would be willing to share? Would you be willing to talk to a young person about your career? Do you know of a volunteer or an internship opportunity available at your place of work? Please consider allowing your name to be part of the PACE Local Resource Contact list. This list will be available to school guidance counselors, administrators, and PACE liaisons as they do their best to meet students' needs.

Your involvement would be subject to your availability and interest. It might be a phone conversation to answer a difficult question, a day of job shadowing, a referral for an internship, a mentorship, a volunteer opportunity, or a visit to a classroom to share your knowledge.

Name _____ Date _____

Address _____
